

# CHURCH LAWTON

## May 2021

Church Lawton School, Cherry Tree Avenue, Church Lawton, Stoke-on-Trent, Staffordshire. ST7 3EL

Email: [admin@naschurchlawton.cheshire.sch.uk](mailto:admin@naschurchlawton.cheshire.sch.uk) | T: 01270 877601

Principal: Mr Paul Scales

Dear Parents and Carers, as always we are speeding through the terms and are fast approaching our final term of the year. The half term break is soon upon us and a warm and sunny welcome (don't look at the weather forecast) to the Whitsun newsletter from Church Lawton. I was hoping that we would have a settled period of weather as we move into this half term break, but it would appear that our climate is determined to show all weathers; we have had snow, hail, fog, thunderstorms, patchy rain and smattering of blue skies and sunshine, I can only hope the weather settles for prolonged sunny periods as we move into the next half of the summer term.

We have had a most interesting start to 2021 and although we have moved towards step 3 of the national lockdown easement from Monday 17<sup>th</sup> May we must, please, keep to our secure Covid systems which includes twice weekly Lateral Flow Testing for all staff and secondary aged students. We all remain hopeful for further easement as we potentially move to step 4, but a number of important factors must be met before this occurs.

This half term has been busy and extremely productive in terms of upper secondary and post 16 students completing their GCSE mock exams. Both students and staff are ensuring that the necessary information is ready for final submission to the exam's boards by June 28<sup>th</sup>. I have been extremely proud of the appreciation and understanding shown by all other students in the school in ensuring that areas around exams are quiet and noise free and which have allowed their peers the ability to concentrate and do their very best.

### **Reaseheath College**

Students in our Key Stage 4 groups have continued to attend Reaseheath College in order to complete their studies within a range of subjects from Car Mechanics, Bricklaying and Plastering and Equine studies. The students have all worked tremendously hard. My sincere thanks to the staff at Reaseheath for their tutoring and to our staff who accompany and support these programmes.

### **Adventure Learning**

We have been very fortunate to have been able to start exploring the local and wider community again, resuming our Adventure Learning programme at Clip and Climb. Students have faced a variety of different challenges each visit, some have personal challenges to climb higher than before, others overcoming their fear of heights. The children are getting some unique experiences and have very wide smiles when they return from these adventures.

### **Please remember**

As we move into the final Summer Term with the changes and challenges of restrictions being lifted, I will take this opportunity to remind you all of the following:

### **What to do if your child develops symptoms of COVID 19**

If you or your child develops symptoms of COVID-19, they must not come to school and should remain at home for at least 10 days from the date when the symptoms appeared. Anyone with symptoms will be eligible for testing and this can be arranged via <https://www.nhs.uk/ask-for-a-coronavirus-test-or-by-calling-119>.

*Welcome from Paul Scales, continued:*

### **Symptoms**

The most common symptoms of coronavirus (COVID-19) are recent onset of:

1. a new continuous cough
2. a high temperature
3. a loss of, or change in, your normal sense of taste or smell (anosmia)

For most people, coronavirus (COVID-19) will be a mild illness.

If your child does develop symptoms, you can seek advice from the nhs.uk website at <https://www.nhs.uk/conditions/coronavirus-covid-19/check-if-you-have-coronavirussymptoms/>. If you are concerned about your child's symptoms, or they are worsening you can seek advice from NHS 111 at <https://111.nhs.uk/> or by phoning 111.

### **How to stop COVID-19 spreading**

There are things you can do to help reduce the risk of you and anyone you live with getting ill with COVID-19

#### **Do**

1. wash your hands with soap and water often – do this for at least 20 seconds
2. use hand sanitiser gel if soap and water are not available
3. wash your hands as soon as you get home
4. cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
5. put used tissues in the bin immediately and wash your hands afterwards

Further information is available at <https://www.nhs.uk/conditions/coronavirus-covid-19/>

Can I remind parents and carers that if your child has to self-isolate due to Covid19 Symptoms that class and subject teachers will ensure appropriate materials are uploaded onto Google Classroom. All students have a Google Classroom log in and have been accessing and using Google Education Suite at school. Should be incur any issues please email [admin@naschurchlawton.cheshire.sch.uk](mailto:admin@naschurchlawton.cheshire.sch.uk)

I would like to take this opportunity to wish you all a restful and relaxing break, and we look forward to seeing you back on **Monday 7<sup>th</sup> June 2021**.

**Paul Scales**  
**Principal**

Here are some of the topics for each class for after the May Half term holidays so you can begin some preparations, research or visits to the library if you wish over the holidays.

Karen Woodall, Deputy Principal

<b>Class</b>	<b>Subject and topic area.</b>
Churchill & Franklin Primary	Topic – Summer and Martin Waddell Books such as Owl Babies. History – Technology. Then and Now Science – Animals and Humans, Senses, balancing, touch, hard and soft.
Hawking Middle School	English - Percy Jackson- adverts, persuasive writing, character studies and writing in the style of. Maths- Division. Fractions, decimals and percentages. Science - Dissolving and Separating Mixtures RE - Jerusalem- its significance to 3 world religions (Judaism, Islam and Christianity) Food Tech is making our own lunch so linked to life skills. PSHE- Emotions
Thompson and Darwin Middle School	Maths – Shapes - NETS of 3D shapes, Directions, co-ordinates, degrees and angles, Money- investigations into budget and value. English - Percy Jackson- adverts, persuasive writing, character studies and writing in the style of. Science - Dissolving and Separating Mixtures RE - Jerusalem- its significance to 3 world religions (Judaism, Islam and Christianity) Food Tech is making our own lunch so linked to life skills.
English	Epsilon – Continuing with ‘Lord of the Flies’ Delta – continuing with ‘Treasure Island’ Gamma - Explaining Texts Omega – Writing the World Theta – Shakespeare – ‘Macbeth’ Pi – Non-Fiction Exam topic: The Natural World
Science	KS3 - Delta, Gamma and Epsilon – Light, Separating Mixtures, Metals and Non Metals unit, Acids and Alkalis, Earth Structure and Gravity. KS4 - Pi, Theta and Omega: Physics - Atomic Structure, Forces, Waves, Magnetism and Electromagnetism.
Maths	Gamma – Averages & Spread, Nets & Scale Drawings Delta/Epsilon – Transformations , Circles Omega – Averages & Spread, Probability Theta – Revision & Functional Skills Practise (Y11 +) / Statistical Measures, Construction & Loci (Y10s) Pi – Evidence building, revision and recap
Food Tech	GCSE & BTEC groups – Home cooking skills, evidence for exam submissions. KS3 – Home cooking skills.

Topics continued.

Karen Woodall, Deputy Principal

<b>Class</b>	<b>Subject and topic area.</b>
Life skills	KS3 – Personal hygiene, personal safety and independent living skills. KS4 - Enterprise and Fundraising. Theta – Basic cooking skills
Media Studies	Varied tasks: Resubmissions for BTEC work.
Computer Science	GCSE and Entry Level Revision. STEM Project
Careers	Money and Work
PE	Variety of sports - Invasion Games
KS3 Geography	Weather and climate change
KS3 RE	Continuing with Islam and then looking at Judaism (as requested by the pupils).
KS3 History	Continuing with World War 1, Suffragettes and moving on to World War 2.
KS3 ICT	New skills using Google slides and Google Sheets
Art and Design.	Unit 3. Based around researching and creating ideas for a local Street festival.
PSHE Day	Secondary Friday 11 <sup>th</sup> June - Lifestyles and Well-Being.
Adventure Learning	Middle and Primary – Thursdays at Sandbach Gymnastics. Primary – Swimming – Fridays. Secondary Adventure Learning, week beg 12 <sup>th</sup> July - activity to be confirmed.

# Further Information

## Free School Meals

**Even if you're not sure whether you are eligible or not, we urge you to check, as not only will it benefit your child, it also benefits school.**

Whichever local authority you reside in, you can check your eligibility by contacting Cheshire East Local Authority:

**Email: [freeschoolmeals@cheshireeast.gov.uk](mailto:freeschoolmeals@cheshireeast.gov.uk)**

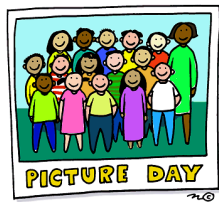

**Telephone: 0300 123 5012**

**ARE YOU ELIGIBLE?**

Find out if you are eligible: Visit [www.cheshiremeals.gov.uk/FSM](http://www.cheshiremeals.gov.uk/FSM) or call 0300 123 5012 (quoting FS/2019) Cheshire East Council

## School Calendar - Term Dates 2020-2021

Half Term	31st May 2021—4th June 2021
Summer Term	7th June 2021—16th July 2021
School Photos	Tuesday 8th June 2021 

### IMPORTANT — Please read

#### Attendance

Please telephone school by 8.30 a.m. ***every morning*** your child is absent, and state the reason for the absence. Where possible, please make any Doctor, Dentist or Medical appointments either before or after school hours. If appointments are during the school day please send in a copy of your appointment card or letter to the school office, thank you.

#### Personal & Emergency Contacts and Medical Information

Please keep school up to date with any new:

- ◆ email address
- ◆ telephone numbers
- ◆ emergency contact details
- ◆ medical changes
- ◆ changes in medication

# WELCOME TO MAPAC

We are delighted to be working with your school who have entrusted us with providing your children's school uniform.

## 1. HOW TO REGISTER & ORDER

- CLICK THE UNIFORM LINK FROM YOUR SCHOOLS WEBSITE...or...
- Visit [www.mapac.com/education/parents](http://www.mapac.com/education/parents) or search online for 'Mapac find your school'.
- Use the 'LOGIN/REGISTER' tab at the top of the page and fill in your details (even if you don't need to order straight away, it means you'll start receiving Mapac updates and offers!)
- Once on your dedicated school page, simply add everything you need to your basket, register (if you haven't already) and then check out.

## 2. ORDERING GUIDE

Under normal circumstances we aim for all orders to be sent out within 10 working days. During our busier periods (especially over the summer) or if anything unexpected occurs, it can take a little longer, so please allow us some extra time to get your order to you.

**Delivery to your home / work year round!**

## IMPORTANT SUMMER ORDERING INFORMATION

**To receive your order before the start of term please order by 2nd August.**

If you have any queries, please do not hesitate to call or email us. We are happy to help!

**T:** 01923 255525 | **E:** [parentcustomerservices@mapac.net](mailto:parentcustomerservices@mapac.net)

**PLEASE KEEP SCHOOL UPDATED ON YOUR CHILD'S MEDICAL CONDITIONS , INCLUDING ALLERGIES.**

**SCHOOL MEALS**

**Summer Term Menus can be found below.**

**We will be returning to school on Monday 7th June on week 1. Meals cost £2.25 or are free if your child is entitled to free school meals (see page 5).**

WEEK 1	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
MEAT MAIN DISH	Ham & Pineapple Pizza	Chicken tikka masala	Roast of The Week	Spaghetti Bolognese	Battered Fish
VEGETARIAN MAIN DISH	Pasta in tomato sauce	Quorn Wrap	Veggie Sausages	Cheese & Tomato Pizza	Veggie Nuggets
ACCOMPANIMENTS	Seasonal Vegetables Herby Potatoes	Seasonal Vegetables Rice	Seasonal Vegetables Roast Potatoes	Seasonal Vegetables Potato Wedges	Baked Beans Peas Chips
DESSERTS	Jelly	Cook's Biscuit and custard	Strawberry Mousse	Cook's Biscuit and custard	Ice lolly
FRESH FRUIT & SALAD	Fresh fruit and Salad Bar	Fresh fruit and Salad Bar	Fresh fruit and Salad Bar	Fresh fruit and Salad Bar	Fresh fruit and Salad Bar

WEEK 2	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
MEAT MAIN DISH	All Day Breakfast	Chicken and leek pie	Roast of The Week	Beef burger in a bun	Fish Fingers
VEGETARIAN MAIN DISH	Veggie Breakfast	Quorn Sausages	Quorn Roast	Vegetable Chilli	Macaroni cheese
ACCOMPANIMENTS	Hash Browns Toast Baked Beans	Seasonal Vegetables Mash Potato	Seasonal Vegetables Roast Potatoes	Seasonal Vegetables Herby Potatoes	Baked Beans Peas Chips
DESSERTS	Jelly	Cook's Biscuit and custard	Chocolate Mousse	Cook's Biscuit and custard	Ice lolly

## What is your child doing online?

### ZIP IT

Keep your personal  
stuff private and think  
about what you say  
and do online.

### BLOCK IT

Block people who  
send nasty messages  
and don't open  
unknown links and  
attachments.

### FLAG IT

Flag up with someone  
you trust if anything  
upsets you or if  
someone asks to  
meet you offline.

Please check your children's devices often.  
This includes consoles and tablets.

# Sports and Sensory Field

We are very excited to be able to start using our new outdoor gym equipment which was installed last week. We have purchased equipment to cater for all age ranges (3 pieces of junior equipment and 4 pieces of senior equipment suitable for Secondary aged pupils through to adults). The equipment will therefore benefit all pupils and will enrich our PE lessons as well as being made available at break times. I'm sure you will agree that the equipment is a wonderful further enhancement to our Sports and Sensory Field.

# Churchill

In English we have been using pictures to help us compose and write our own sentences and extending them by using the word 'and'.

In Maths we have been focusing on subtraction using different methods to count back and find the answer to different sums.

In Science we have been learning about plants and growing cycles. Churchill class have looked at parts of a plant and have been planting seeds to watch them grow.

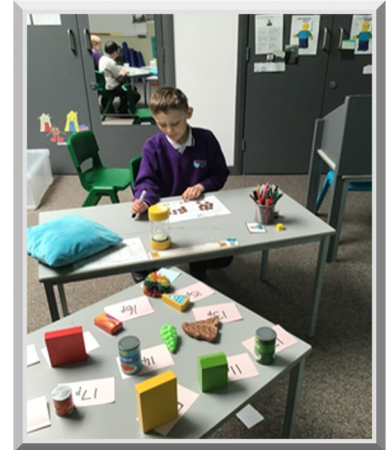

Other lessons have included a transport theme in Art & DT, hockey in PE, the Beach in Topic and Clip and Climb in Adventure Learning.

# Franklin

In Franklin we have been learning about money in Maths, understanding currency and values. We have been using real life problems to understand addition and subtraction.

We have been team building in class playing turn based games and improving our sharing with friends.

We have experimented with celery, watching coloured water draw up into the leaves. We have learnt about plant structure including roots and leaves.

We have enjoyed growing cress and sunflowers in class and have been measuring their progress. I wonder which sunflower will grow the tallest?

Everyone in Franklin has enjoyed Adventure Learning at Clip and Climb. We have tried really hard to overcome some of our worries and each week we climb a little bit higher!

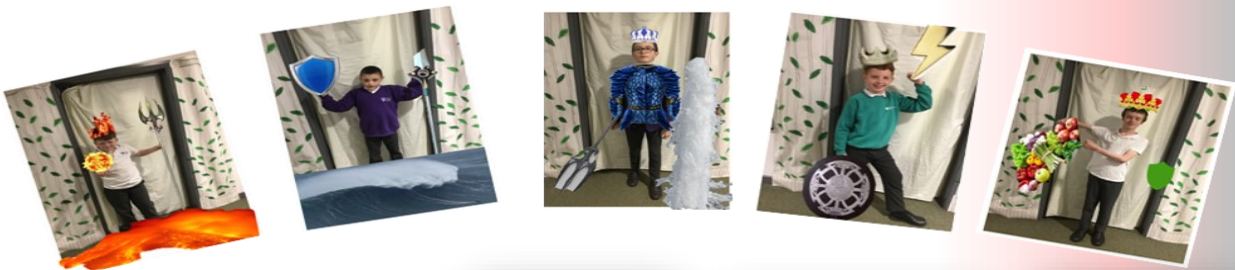

# Middle School

## Thompson, Darwin & Hawking

In Maths, Hawking class have been working on the 4 operations of number and place value. Whilst Thompson and Darwin are working on algebra, data, graphs and roman numerals.

In English this term Middle School have been exploring the book Percy Jackson the Lightning Thief. We are also writing newspaper articles about this topic.

Both Hawking and Darwin have welcomed new students into their classrooms this term. They are settling in really well!

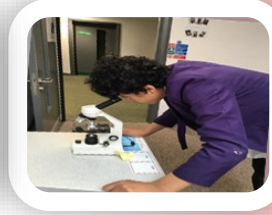

In Creative we have had an exciting paper cup car tournament. All classes displayed great sportsmanship!

In Food Tech we have been learning which recipes we could incorporate eggs and potatoes into. The children have chosen some yummy recipes like scotch eggs.

In Science Hawking class have been researching space and the planets.

# Middle School

## Thompson, Darwin & Hawking

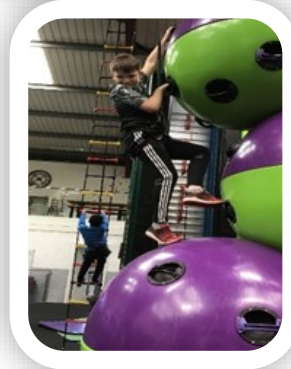

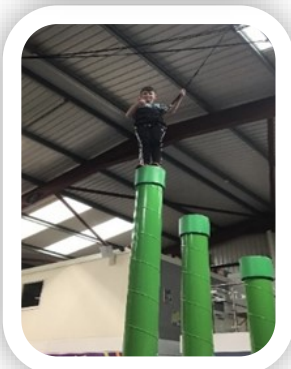

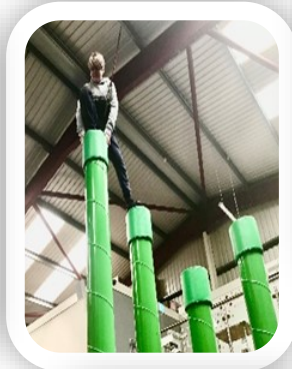

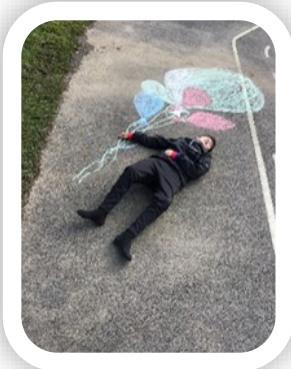

In Humanities all Middle School have been learning about Jerusalem. We have looked at its location and main attractions. We are also learning about the different religions in Jerusalem.

The children in Middle School have also been having some interventions which is helping them with their learning.

This half term the children have been enjoying Clip and Climb for Adventure Learning.

Middle School also had fun with a creative session outside painting with their hands and feet.

Thompson and Darwin have been researching animal cells, plant cells and looking through a microscope in Science

# Cadbury Form

## Summer Term in Cadbury.

We have had a bit of a change around in lower secondary this half term and we have introduced a new form group called Attenborough. We said farewell to some of our Cadbury form members who have now moved a few doors up the corridor. Gone but not forgotten! 🙋

Now that everyone is back in school, we have been able to settle into school routines again.

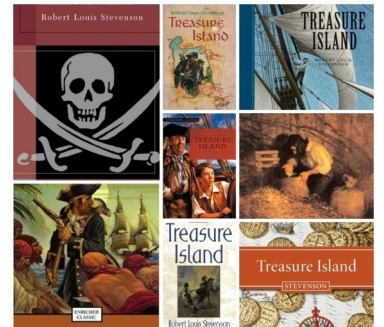

In German we have been watching the film 'Das Wunder von Bern' (the miracle of Bern) in German with English subtitles. Through this we have been learning about post-war German history and culture as well as learning the language for different family members and their characteristics.

In Life Skills Gamma and Delta groups have been looking at how to catch a bus and how to read a timetable. We have also been learning how to sew on a button and how to use a range of cleaning equipment. I am sure you all have sparkling clean homes as a result of this!

In Science the Gamma and Delta groups have started learning about solids, liquids and gases. They have been able to provide lots of interesting facts about particles and the density of different objects.

Delta is studying the book 'Treasure Island' in English and have been discussing the characters as they unfold in the story.

Gamma have been working on their comprehension skills and have enjoyed working with our new additional English teacher, Miss Owens.

In Geography we have moved on to learning about the weather. We made our own rain gauges and put them out on the MUGA to measure how much rainfall there was in a week. The recent downpours have aided our research.

Students have continued to show their Maths skills in algebra this half term. We have also welcomed Mr Shaw to our Maths team who has been particularly good at creating bespoke lessons, for example we had a Metallica Maths lesson one day.

We have continued to enjoy our gardening club on Wednesday afternoons. Our seeds have now flourished into young plants which are now braving the elements (and the rabbits!) on the sensory field. Our water butt has collected a great deal of rainwater and students have been given the responsibility of watering the plants. By the end of this term we should have a yield of potatoes, raspberries, peas, beans and flowers. We are big on being environmentally aware and have used some old sieves to make hanging baskets.

If anyone has any spare gardening equipment, seeds, plants or any other garden related items these would be more than gratefully received.

# Attenborough

Welcome to our new form Attenborough!

Our expedition plans are afoot and we hope to scale the difficult north western approach of Attenborough. Extra Sherpa' will be needed to carry the large amount of bread and the industrial toaster. We hope to reach the summit of Attenborough in late July just in time for the summer holidays!

On a more serious note we do know who Sir David Attenborough is and our form was named after a long debate which was concluded by a majority vote. We have settled in very well now and we are all contributing to healthy conversations and learning during form time. Form activities have included watching the news, documentaries, quizzes and making mountains of TOAST!!!

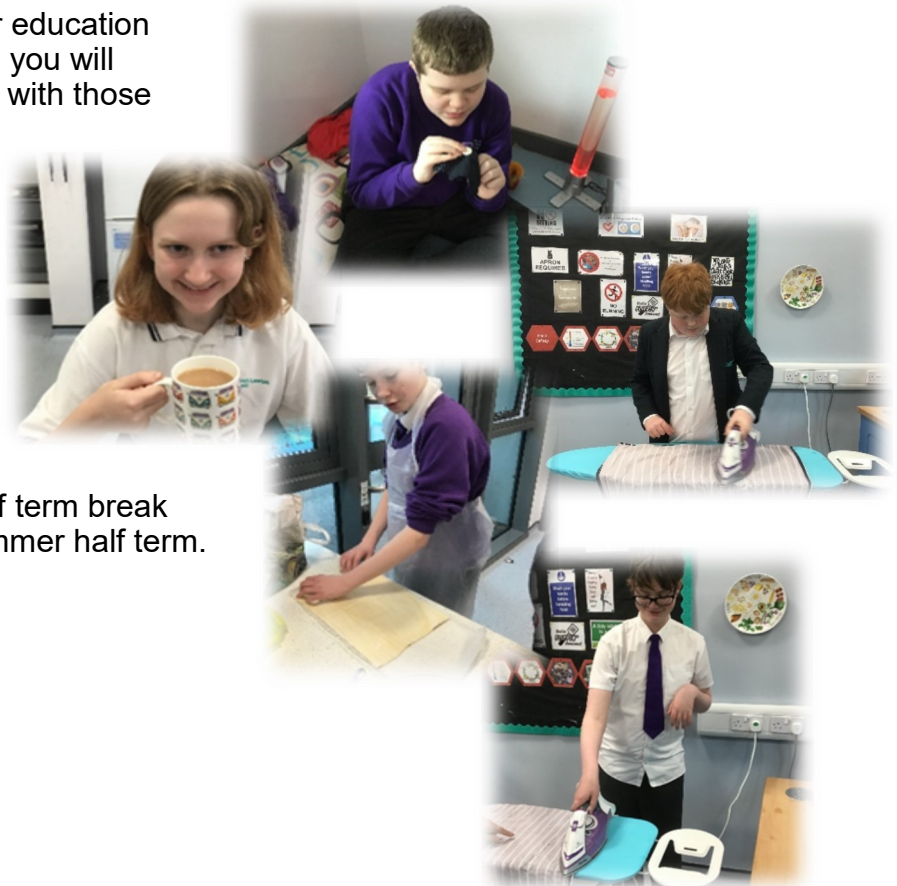

Mrs Granville, Mr Fisher and myself all love that every member of our form has an encyclopaedic knowledge of their specialist interests which helps drive our form time discussions.

Life skills are an important part of our education and as you can see from the images you will soon be able to be assisted at home with those every daily chores.

That's not to say that we have been ignoring our academic subjects. All of the form are making good progress and are keeping me on my toes in Mathematics and Science.

We are all looking forward to our half term break and then to a productive second summer half term.

Warm regards,  
Mr Shaw

# Matthews

There have been some changes in Matthews this term, cutting our size by half to allow for a new form group – Attenborough. We have had a great couple of weeks settling into the new smaller groupings, enjoying a bit more peace and quiet.

Everyone has been busy with their own interests and getting involved in new ones too, such as gardening and art and design sessions. Life skills sessions have taught our students various important necessities such as cleaning, washing, sewing to name a few.

Lately they have had some excellent opportunities to study the rainfall and conduct some experiments, as the rainfall has been so generous over the past few weeks. We are now holding out for some better weather as the outdoor exercise equipment is installed and our pupils are excited to get on and get active.

# BRANSON

Branson has moved from S3 to our Science room and students have adjusted well to the change.

There are 5 members of staff supporting in Branson with Mrs Hardey taking on the role of Science teacher in the absence of Miss White. Now that we are back to school in full swing, students are working towards earning house points. Students are rewarded with individual vouchers when reaching a goal of 500 points.

Our Reaseheath students are still attending and working very hard in their different courses.

This term, in Science, the children have been learning about communicable diseases and their treatments. In English they have been practising different writing styles such as texts, letters and short notes. In Mathematics they learnt how to solve ratios with money and weights. They have also made many delicious recipes in Food Tech, which were sent home to be enjoyed with the family.

# Newton

This term, Newton pupils have been working very hard preparing for external exam qualifications and sitting their mock exams, so well done to all students.

We have welcomed two new pupils to our Newton form, Alfie and Josh. They have been settling in and getting to know other pupils and staff. Both have been doing well in finding their way round and becoming familiar with their timetables. We are enjoying sharing Alfie's interest in the Natural World and being able to challenge him at morning Bananagrams.

Ollie is continuing to write fabulous stories and had some great feedback from the Director of Education, Matt Tipplin. Well done, Ollie! We are all enjoying reading the latest updates.

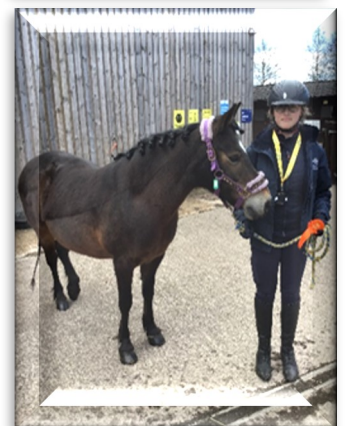

Lara and Grace have done some fantastic cooking this term. Grace made Ramen noodles with pork dumplings for her GCSE exam and achieved a very good standard. Lara has also produced some mouth-watering pizza and sausage rolls for her cooking exam.

Ethan has been working hard in his Media BTEC. He has completed several of his units and has shown a very good aptitude for practical work. Great work Ethan!

Taylor has been working hard on his ICT course and has been really helpful supporting his fellow students. He and Ollie tested out their baking skills during the last PSHE day, where they made a very adventurous cake. Ethan went for the healthier option and made a very impressive omelette.

Charlotte has come to the end of her two year Equine course at Reaseheath where she has learned many new skills and won the rosette in a pretty pony competition. Charlotte has participated really well and has thoroughly enjoyed her time there.

This has been a very demanding term for all the pupils in Newton as they have prepared for external qualifications and are busy getting ready for their next steps in life. In Life Skills some of the pupils have been helping with the organisation of our end of year Prom and working on some fundraising ideas. We will be looking forward to the end of year Prom which will be held at The Bank Corner in Alsager.

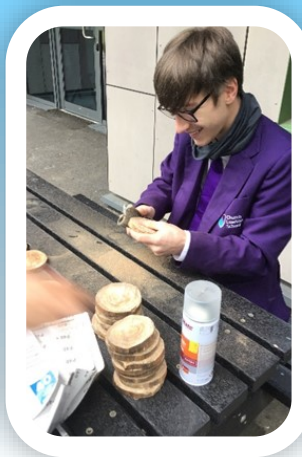

# Austen

Austen have been very busy this half term.

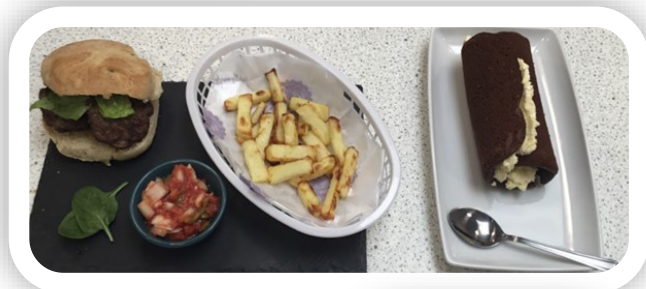

In Life Skills Pi have been working hard on an Enterprise project to raise money for the Upper Secondary Prom.

Luke has been sanding and varnishing real wood coasters. Ellie has been making home-made dog toys and Alfie has been following patterns to make cushions.

Pi Group will be selling their items at Alsager Market on June 9<sup>th</sup>. It would be lovely to see you there.

Callum and Alfie have completed their final cooking assessments and made some spectacular dishes for their finals.

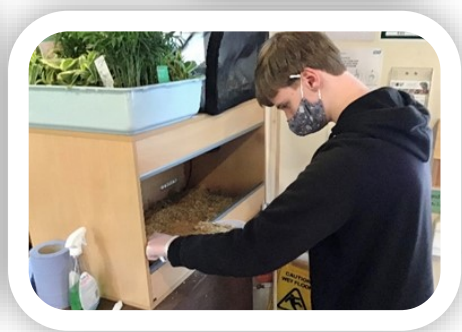

BTEC Group have made some delicious Chicken Kiev's , Pizza, Ratatouille and Fruit Salads.

All of Austen have now started their Work Experience.

Work experience placements are

- At a small zoo
- Dog Grooming
- ICT support
- A book shop
- Graphic Design
- The school kitchen.

### **NHS Taster Day**

Get an insight into what a day working for the NHS would entail! Focusing on ALL 350 Careers that the NHS has to offer. **Wednesday 2 June 9:45am – 3pm** Grab Your Ticket!
